

To whom it may concern,

Kingdom Tours was the chosen transport supplier for the International Mathematical Olympiad (IMO), which UCT hosted in July 2014.

Approximately 2 400 return airport transfers were arranged effortlessly by Marlyn, Lizanne and the Kingdom Tours support team. Kingdom also provided transport to and from social events at UCT and surrounding areas throughout the ten-day event.

Teams were met by friendly faces at international or domestic arrival terminals, speedily checked in and guided to the correct coach, which transferred the team to UCT lower campus residences where they were able to register.

Hospitality desks were arranged by Kingdom Tours at both arrival terminals, and these desks were staffed around the clock. Despite only being contracted to supply transport, Marlyn and his team went above and beyond expectations, assisting with all kinds of requests on arrival. When organising an event of this size and complexity a PCO must be able to trust their suppliers to deliver on what they promise. Having successfully worked with Marlyn and his team on numerous past events we were delighted to partner with them on the IMO and look forward to the next event.

With kind regards
