Reference for Kingdom Tours

The Children's Institute, University of Cape Town, hosted an international conference in Cape Town in September 2015. We had over 200 delegates from 40 countries. During the course of the three-day conference, delegates needed to be transported from the three main hotels in Claremont (the Vineyard, Tsogo Sun and Radisson Park Inn) to arrive at the conference venue in time for the first morning session, and then back to their hotels at the end of the day. There were social events every night, after which delegates also had to be transported back to their hotels.

We were very glad that we contracted Kingdom Tours to do all the transport: the entire operation was efficient and pleasant. The buses were clearly marked for the conference, and always ran on time. Marlyn was like another host: he chatted with conference delegates made everyone feel comfortable and welcome, and made sure they got on the right bus. After the conference dinner he personally waited until late into the night to ensure that nobody was left behind.

After the conference was over we received messages of congratulations from all over the world. People remarked on the excellent logistics and smooth running of the event. This was partly thanks to Marlyn, Lizanne and the team at Kingdom Tours. It is their combination of professionalism, easy interaction and attention to detail that makes the team so special.

I would not hesitate to recommend Kingdom Tours to others, or to use them again for our events.
